

Supporting the hospice  
is a piece of cake

## Children can have a slice of the action too!

### Get Kids baking...

This is a great opportunity for children to get involved and learn a new skill or develop a hobby, and children love to get stuck into baking...and you get to enjoy the end results!

Cooking is an excellent life skill and it is a practical and creative hobby. Using weights, measures, temperatures and timings are all great ways to support early maths learning.

### Recipes...

We'd encourage children to ask for family recipes from their parents and grandparents, as well as looking through any cook books or resources you might already have in your home. If you'd like to try something new these web links might be useful:

<https://www.bbcgoodfood.com/recipes/collection/kids-baking>

[https://www.bbc.co.uk/food/collections/baking\\_with\\_children](https://www.bbc.co.uk/food/collections/baking_with_children)

### Decorating...

The first bite is always taken with the eye... Or so they say. Decorating your creations is at least half the fun. You could have fun making rainbow cupcakes, perhaps you can make some using the Hospice colours?

### We all love to share...

While you might not be able to share the results of your baking with other guests at your event, you can show everyone pictures! Post them on social media tagging the hospice or using the #HereTogether hashtag and we will be able to compile a gallery of wonderful cakes, bakes, biscuits and bread on our website.
