Video Chat Using Snapchat

You will need to have downloaded the Snapchat app from your app store of choice, and created an account on your chosen device. You must then find your contacts via search or asking them their screen names.

Start a Video Chat

You can Video Chat with a friend, or in a group of up to **15 friends at once**.

To request a Video Chat, go to a Chat or Group Chat and tap the video call icon

You can swipe down on a Video Chat to minimize it. Tap it to go back into a fullscreen Chat.
