

Promoting a safer hospice

The care and protection of children, young people and adults involved in hospice care and activities is the responsibility of every single one of us.

Our commitments

- Promoting a safer environment and culture
- Raising awareness of safeguarding and our responsibility as individuals working for the hospice
- Responding promptly to every safeguarding concern or allegation
- Safely recruiting and supporting all our staff who work with children and vulnerable adults
- Appropriately caring for individuals affected by abuse
- Caring for those who may pose a present risk

If you are concerned that someone you know is at risk of, or is being abused, or presents a risk to others, please seek advice from your safeguarding lead or in their absence, contact MASH directly or the police without delay.

Contacts available within the hospice to speak to if you have any concerns. If you are unable to contact these people, contact MASH for advice.
