

# How to return equipment

Equipment you have been loaned will have likely been provided from Medequip equipment services. You can identify this by a white Medequip sticker on each item of equipment.

All Medequip equipment must be returned directly to stores or a collection must be arranged from your home address.

Please do not return any Medequip equipment items to the hospice.

Please call Medequip directly on the phone number below, select option 1 for customer services and request collection. Alternatively, you can return items directly to stores following the address details overleaf.

**01473 351805**

## Wheelchairs:

All Wheelchairs must be collected from your home address by contacting Medequip on **01473 351805**. Please press option 2 for wheelchair services.

## St Elizabeth Hospice equipment:

On occasion the hospice may loan you items of equipment for a trial. These will be clearly labelled and please return these to the hospice directly.
